*Operational EBITDA for FY24 excludes proceeds received from the sale of stake in Aeroflex Industries Limited by Aeroflex Enterprises Limited ("Promoter")

Management Comments

Commenting on the performance of the quarter and year ended 31st March, 2025

Mr. Harikant Turgalia (Whole-time Director) highlighted the substantial growth achieved by the company during both Q4 and FY 2025.

Operational Excellence: Aeroflex Enterprises achieved a significant increase in operational EBITDA, reaching ₹129.95 crore, driven by improved efficiencies and optimized operations. EBITDA margins expanded by 927 basis points year-on-year in FY25, reflecting strong operational discipline. The YoY decline in total income for FY25 is primarily due to exceptionally high other income in the previous year, arising from AEL's stake sale in IPO and pre-IPO of Aeroflex Industries Limited.

Tech-based last-mile utility services

• **MR Organisation Integration:** The consolidation of MR Organisation has been a key highlight, with its strong international presence through wholly-owned subsidiaries in the US, UK, and Belgium and an extensive export network spanning 100+ countries. MRO has acquired 51% stake in Madhura Compressors Private Limited on 12th May 2025. This strategic acquisition by M.R. Organisation enhances its compressor portfolio, strengthens presence in the high-margin centrifugal compressor segment, and opens cross-selling and global aftermarket opportunities.

Startup Investments: Fueling Innovation.

• **Portfolio Expansion:** In FY25, the company made 6 new startup investments and 9 follow-on investments & drawdowns, bringing the total portfolio to 161 investments. This reflects AEL's unwavering commitment to fostering innovation and diversifying its growth avenues.

Knowledge Based Engineering: Scaling New Heights

• **Aeroflex Industries:** Reported a 17.90% YoY revenue growth, supported by improved EBITDA margins. Capacity expansion has been a key focus, with production capacity increasing from 11 million meters in March 2023 to 16.5 million meters in FY25. Further expansion plans are underway, ensuring sustained growth in this vertical.

Metal Bellow Project: The expansion is progressing well, with the first phase of production commenced in Q4, marking a significant step forward in this segment. The company has also ventured into Miniature Metal Bellows (10mm–50mm) for high-dynamic applications. These complement larger bellows in advanced systems. Annual capacity is projected at 240,000 units, with full scale-up by March 2026.

Innovative Packaging: Achieving Milestones

• **Sah Polymers:** Secured the prestigious BRC audit certification, a major milestone that positions the company to cater to high-value sectors such as food, pharma, and beverages.

Fintech & Lending: Robust Growth

• **Aeroflex Finance:** Witnessed substantial growth, reflecting the rising demand for finance and lending solutions. Disbursements reached INR 226.79 crore as of FY25, with a net profit margin of 34.93% and a loan book of INR 23.26 crore. This performance underscores the strength and scalability of AEL's financial services vertical.

Overall Business Performance: A Strong Growth Trajectory

AEL's performance in FY25 reflects substantial growth across all business verticals.

Key achievements:

- ✓  Strategic acquisition of MR Organisation, enhancing our diversification and financial resilience. Additionally, MR Organisation has acquired Madhura Compressors, marking a significant step forward in expanding our footprint in the compressor business.
- ✓  Robust growth in Aeroflex Industries driven by capacity expansion and operational efficiencies.
- ✓  Sah Polymers' BRC certification unlocks new opportunities in high-value sectors.
- ✓  Our fintech partnerships are significantly strengthening our technology-driven lending capabilities. Aeroflex Finance's exceptional performance, with disbursements of INR 226.79 crore and a net profit margin of 34.93%, underscores AEL's growing prowess in the fintech lending space..
- ✓  Increased startup investments reinforce AEL's leadership in fostering innovation.

These accomplishments collectively position AEL on a strong growth trajectory, with a clear focus on delivering value to stakeholders and capturing emerging opportunities in diverse sectors.

AEL : Building the Future, Today.

A dynamic & diversified incubator

About AEL– United in vision, diversified in action

AEL is a dynamic and diversified business group & incubator that strategically curates a portfolio of businesses and investments across various sectors.

Its business interests span knowledge-based engineering, innovative packaging solutions, engineering services, fintech and lending, as well as cutting-edge startup investments.

At the core of AEL's success is its ability to harmonise cash flow-generating businesses with investments in high-growth start-ups. This delicate balance is meticulously maintained to ensure that each venture complements the other, driving comprehensive growth. The Company's foresight in identifying and nurturing promising start-ups, coupled with timely and successful exits, underscores its commitment to creating long-term value.

A proud contributor to the #MakeInIndia movement, AEL invests in ventures that resonate with India's vision for innovation and progress. By partnering with visionary entrepreneurs, the Company not only fuels individual success stories but also contributes to the broader economic landscape.

Boasting sales touchpoints in over 100+ countries, AEL operates on a universal scale, spearheading the adoption of novel, efficient, and sustainable solutions worldwide. The company is at the forefront of introducing cutting-edge, eco-friendly, and cost-effective solutions to customers across the globe.

With offices strategically located at international business hubs like USA, UK, Belgium & UAE, AEL has established a global presence and a firm foothold in international markets across the Middle East, Europe, Asia, Africa, and the Americas.

Acquisition of M.R. ORGANISATION

AEROFLEX ENTERPRISES  M.R. ORGANISATION

On 29th July 2024, Aeroflex Enterprises Limited acquired 51% equity stake in M.R. Organisation Limited

This strategic move aligns with our core strategy of combining cash flow-generating businesses with high-growth investments, creating a balanced and sustainable growth trajectory making the proposition value accretive from day one.

Acquisition of Madhura Compressors

M.R. ORGANISATION  MADHURA COMPRESSORS

On 12th May 2025, M.R. Organisation Limited, a subsidiary of Aeroflex Enterprises Limited, acquired 51% equity stake in Madhura Compressors Private Limited

This strategic acquisition by M.R. Organisation enhances its compressor portfolio, strengthens presence in the high-margin centrifugal compressor segment, and opens cross-selling and global aftermarket opportunities.

COMING TOGETHER
IS A BEGINNING

KEEP MOVING
IS A PROCESS

WORKING TOGETHER
IS SUCCESS

About the Company - M.R. Organisation Limited

- MRO is into the business of tech-based last-mile utility services to the end-user industries. Established in the year 1984 by the promoter Mr. Mayur Kamdar, the company has become a market leader and has presence across all 29 states via 60 locations and 6 warehouses spread across the country to serve the customers with the fastest service and delivery time.
Company has **international presence** through its wholly owned subsidiaries in USA, UK, and Belgium and exports to **100+ countries**.
- The Company manufactures and services Air Compressor parts and kits. The company has value-added products such as blowers and vacuum systems in its pipeline to further enhance its operating margins.
- The company has designed and developed over 60,000 products for all major air compressor brands.
- MRO serves **3,000+** customers and has direct access to over **2,000+** industrial plants, eliminating the need for intermediaries such as distributors, traders, or agents.
- The company employs well-trained multi-brand and multi-technology **experts across various locations**, ensuring last mile availability of products at customer's end.

MRO operates as a debt-free, asset-light business with global inventory management driven by technology, ensuring operational efficiency and financial stability.

Knowledge based Engineering – Aeroflex Industries Limited

Knowledge based Engineering

Introducing Aeroflex Industries, a pivotal business within the AEL's portfolio, and a distinguished player in the manufacturing and global export of a wide array of flexible flow solutions. These encompass braided hoses, unbraided hoses, solar hoses, gas hoses, vacuum hoses, braiding, interlock hoses, hose assemblies, lancing hose assemblies, jacketed hose assemblies, exhaust connectors, exhaust gas recirculation (EGR) tubes, expansion bellows, compensators, and associated end fittings.

At Aeroflex Industries, state-of-the-art technology converges with a cutting-edge facility, complemented by a team of seasoned professionals. This synergy ensures meticulous oversight and resolute adherence to the most stringent international quality standards. Recognised as an ISO 9001:2015 certified company by TUV NORD Germany, Aeroflex Industries relentlessly pursues excellence, solidifying its presence in both domestic and international markets.

Value Added Product Segment

Aeroflex Industries has expanded into manufacturing metal expansion joints (bellows) for piping systems, using stainless steel, nickel alloys, and Inconel. These joints absorb vibration, heat, and misalignment reducing strain and extending system life making them ideal for industries facing thermal expansion. Production of 120,000 units annually began in January 2025.

The company has also ventured into Miniature Metal Bellows (10mm–50mm) for high-dynamic applications. These complement larger bellows in advanced systems. Annual capacity is projected at 240,000 units, with full scale-up by March 2026.

"Commitment to Excellence"

Inorganic Acquisition of Hyd-Air Engineering Private Limited

The acquisition of Hyd-Air Engineering gave Aeroflex Industries a direct advantage by integrating the acquired company's products into its flow control assemblies, facilitating expansion into the assembly product segment.

The installation of the quality lab is progressing well and is projected for completion by the next quarter. We have placed orders for new machineries, and the expansion is progressing well. The remaining machinery is expected to be fully installed by Mar-25, which will increase our capacities. We wish to announce that we have received our first trial order from the Railway Coach Factory.

- End-to-end solution / vertical integration
- Operational efficiency
- Entry into new industries – Railways, Shipbuilding, Heavy industries
- Access to new clients – Mazgaon Dockyard, SAIL, BHEL, JSW, Arcelor Mittal

Innovative Packaging – Sah Polymers Limited

Innovative Packaging

Our innovative packaging business brings with it a rich legacy of about 32 years. We have firmly established ourselves as a reliable and forward-thinking entity in the bulk packaging & polymer industry. Fuelled by a dedicated team of experienced professionals and leveraging cutting-edge technology, the company delivers an exceptional range of products, including Flexible Intermediate Bulk Containers (FIBCs), PP woven bags, box bags, and BOPP laminated bags. Additional accolades are due to its subsidiary, Fibcorp Polyweave, which further enhances its reach in the industry.

With a firm commitment to product quality and innovation, Sah Polymers prioritises customer satisfaction, positioning itself as a crucial element in the intricate puzzle of AEL's success.

Fibcorp Polyweave Private Limited, a subsidiary of Sah Polymers : Fibcorp has been manufacturing and exporting a full range of FIBC bags since July 2017. With exports to 18+ countries and recognition as a Star Export House by the Government of India, the company is backed by a skilled team ensuring quality across all production stages.

Fintech & Lending – Aeroflex Finance Private Limited

Fintech & Lending

Aeroflex Finance, a wholly owned subsidiary under the Aeroflex umbrella, operates as a Type-II non-deposit-taking Non-Banking Financial Company (NBFC), duly registered with the Reserve Bank of India (RBI). The company specializes in providing innovative financial solutions tailored to meet the needs of Micro, Small, and Medium Enterprises (MSMEs) as well as individuals.

As a trusted partner to MSMEs, Aeroflex Finance offers a diverse range of loan products designed to address both working capital and expansion-related requirements. By doing so, the company empowers small businesses to unlock their full potential, drive growth, and achieve long-term success.

To enhance its service offerings and expand its reach, Aeroflex Finance collaborates closely with leading Fintech platforms such as LenDenClub and FinAGG. These strategic partnerships leverage advanced infrastructure and technology for loan origination and lifecycle management, ensuring a seamless and efficient lending experience for customers.

This collaboration aligns with Aeroflex's overarching value of empowering individuals and businesses to drive growth and prosperity. Committed to financial excellence, Aeroflex Finance is a dynamic subsidiary that complements the group's vision, playing a key role in its continued success.
